About This Collection

We need to write a short enticing description (60-90 words) for an adult photo gallery based on scrambled captions. But maybe they want the language of the title's language: The title is just a word, but maybe it's Spanish? That appears to be a name, maybe Spanish? Must end with natural invitation to view full gallery via link above. The title is a single word "martresequis". The captions have Spanish phrases like "esto hasta a mi me pone", "quién quiere que suba el video completo". Must be one coherent paragraph, tease models, setting, action without listing captions mechanically. So likely Spanish. That's not a language; it's a name. Plain text only, no markdown, no lists, no quotes. The title is "martresequis". Title is "martresequis". Must naturally reuse at least 20% of key words from captions (names, nicknames, distinctive terms), translating rest as needed. The word "martresequis" looks like a username. The language of the title: it's not clear, but likely Spanish? Answer in same language as title "martresequis". The captions are mixture of English and Spanish. " So we need to write description in the same language as the title. So we should write description in Spanish.

We must include these exact words where natural: martresequis, 2022, onlyfans, video, esto, hasta, pone, shemale, available, online, viewing, pornstars, transisbeautiful, twitter, stunning. Must include them exactly as

given (case-sensitive? Probably case-insensitive but we should match exactly). They are: martresequis, 2022, onlyfans, video, esto, hasta, pone, shemale, available, online, viewing, pornstars, transisbeautiful, twitter, stunning.

We must reuse at least 20% of key words from captions. No "not only X but Y" constructions, "At its core", or forced groups of exactly three items. No generic positive endings; end on a concrete fact or a plain natural invitation. Also no em or en dashes; split sentence or use comma. The captions have many words. Use "to" instead of "in order to"; use "because" instead of "due to the fact that". No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". But we must include those required words. Also we must not use AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". No emojis, no curly quotes, no markdown, no bold text. Avoid those. Vary sentence length naturally, state things directly, keep every claim supported by provided captions.

We need to produce a paragraph 60-90 words. Let's count approximate words. We'll aim for ~75 words.

We must incorporate required words naturally. Let's list required words: martresequis, 2022, onlyfans, video, esto, hasta, pone, shemale, available, online, viewing, pornstars, transisbeautiful, twitter, stunning.

We need to embed them in Spanish paragraph. Hard to know. But some words are English (onlyfans, video, shemale, available, online, viewing, pornstars, transisbeautiful, twitter, stunning). That's not a language. However we can embed English words as they appear in captions. But the title is just a username. The required words include "martresequis" (lowercase), "2022", "onlyfans", "video", "esto", "hasta", "pone", "shemale", "available", "online", "viewing", "pornstars", "transisbeautiful", "twitter", "stunning". But the description must be in Spanish. That may be okay. The title is a single word, but maybe it's considered Spanish? But we can embed English words as they are. But we need to ensure the paragraph is in Spanish language (since title language is Spanish). "The title is "martresequis". " So we can keep those words in English if they are key terms. We must include them exactly. But likely they want Spanish because the captions have Spanish. But we can write in Spanish, but include the required words exactly as given (they are case-sensitive). However the instruction says "same language as this title". So we need to embed them in the paragraph.

We must not use any banned words. Also no em dashes. Use commas.

We need to end with a natural invitation to view the full gallery via the link above. So something like "Mira la galería completa en el enlace de arriba." That is a concrete invitation.

We must keep paragraph length 60-90 words. Let's count words in Spanish. We'll produce about 75 words.

We need to ensure we include all required words. Let's plan sentences.

Potential paragraph (Spanish):

"martresequis aparece en un video de 2022 publicado en onlyfans donde esto hasta pone a la shemale en escena, disponible para viewing online y compartida en twitter por pornstars y transisbeautiful, la modelo luce stunning mientras juega sola en su habitación, la atmósfera íntima invita a seguir explorando, visita la galería completa en el enlace de arriba."
