About This Collection

This gallery pulls back the curtain on captured Russian boys in raw, revealing imagery—from the front lines to the shadows of makeshift cells. Shirtless teens locked in neck collars, a soldier shot by his own people, and archive videos of the captives world unfold across hi-res photos and black-and-white stills. From Moscow Times style fun to darker slave-for-sale moments, these Rus captured guys demand your attention. Watch as Ukrainian mothers come to collect their sons, while others like Vasily and Andrei become prisoners caught between survival and desire. View the full gallery via the link above.
