About This Collection

We need to write a short enticing description 60-90 words, one paragraph, plain text, no markdown, no lists, no quotes. " So we need to detect language of title "sjkis". Could be Russian transliteration? Since title is not a known language, maybe they want the description in the same script? But the captions contain Russian words that we must include exactly: вылизал, толстую, пизду, оттрахал, лентяйку, мужик, трахнул, молодую, брюнетку, прямо, ванной, free, 2160p, porno, videolari. Actually "sjkis" is not a word; but likely the language is Russian because captions are Russian and Turkish. That's not a language. But the title is not English. The title uses Latin letters. Could be English? Could be a placeholder; but we must write in same language as title. Title uses Latin. So maybe they want English (Latin script). Could be a random string; but we must write in same language as title. But we must write in same language as title. That looks like maybe a short code; but it's Latin letters. Could be a transliteration of Russian? Since title is just a string, maybe they expect English? But Russian uses Cyrillic. But the captions are Russian and Turkish. Title is "sjkis". We must include these exact words in the description. Since we cannot know, we might assume English because it's Latin script. Must be in same language as title "sjkis". But "sjkis" is not English word. Title is "sjkis" which appears to be maybe Russian? " The title "sjkis" is not a known language; but maybe it's a code? The description must be in the same language as title. Could be a random string; but we must write in same language as title. If title is "sjkis", maybe it's a code for Russian? Those are Russian and Turkish words. "sjkis" could be "sjkis" not sure.

We need to produce a paragraph 60-90 words. Use "because" instead of "due to the fact that". We must include them naturally. Must include at least 20% of key words from captions. but", not use "At its core", not use forced groups of exactly three items. Use "to" instead of "in order to". They gave a list of exact words to include. No inflated importance, no sales language, no clichés. Must not use em/en dashes, not use "not only... Also must not use prohibited words. End with a concrete fact or plain natural invitation to view the full gallery via the link above.

We need to produce plain text, no markdown.

We need to count words: 60-90 words. Let's aim for ~75 words.

We must include the exact words: вылизал, толстую, пизду, оттрахал, лентяйку, мужик, трахнул, молодую, брюнетку, прямо, ванной, free, 2160p, porno, videolari. The description language must be same as title. But we can write in English but include those words. " So we can keep those words as they are. That's 15 words. They are Russian/Turkish. If we write in English, those words will appear as foreign words. That's okay? Must include them naturally. The description language is same as title. Title is "sjkis". Not sure. That might satisfy.

" If title is "sjkis", maybe it's a language code? Could be "sjkis" is a language code for something? But the title is just a random string; but we must write in same language as title. Not known. But we can assume it's English because it's Latin script. Since we don't know, we could write in English. That seems plausible.

But the captions are Russian and Turkish. The required words are Russian/Turkish. We'll embed them.

We must avoid prohibited words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". Also no em/en dashes. Use commas.

No "not only X but Y". Use "because" instead of "due to the fact that". Use "to" instead of "in order to". No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". No forced groups of exactly three items. No "At its core". No generic positive endings; end on a concrete fact or plain natural invitation.

End with invitation to view full gallery via the link above. So final sentence: "View the full gallery via the link above." That is a concrete invitation.

We must ensure word count 60-90. Let's craft.

We need to include all 15 required words. Let's count words in description. We'll write about 75 words.
